

## **TALE – Training for Trainers course**

### **Open LOFT Week**

**13 to 17 September 2010**

*Are you interested in e-learning?  
Are you interested in non formal learning?  
Are you interested in experiments combining those two?*

*...and you are active in the field of non-formal education and European youth work?*

**Then go to the LOFT** (<http://tale-eu.coe.int/>), the virtual learning environment of the TALE course, and ask for access immediately. During the Open LOFT week TALE participant trainers have prepared interesting events for you to participate, engage in and learn from. Every day there is one special workshop, discussion or event you can register for – apart from other things you can discover on the LOFT during this week.

**The attached programme** of the week provides you with an overview over the events you can participate in during the Open LOFT week. More info about the events you can find on LOFT once you have access.

#### **How do you register?**

On LOFT you ask for access in the Log-In section. From Friday, 10<sup>th</sup> of September onwards, we will grant access – meaning from then on for one whole week LOFT will be open and accessible for you.

Inside LOFT you will then find among many things to read and discover a possibility to read more and register for the events. Please register only if you are sure you are able to participate the full duration of the event. The responsible teams need to know who and how many people they can expect.

**Monday, 13th of September** the back-office of LOFT will be active all day long to answer questions and help with the technical side of LOFT.

We hope many of you join us in this next TALE experiment!
